LICAD®
PIPE SUPPORT DESIGNER

The new LICAD® 10

LICAD® is the worldwide leading software for support design.
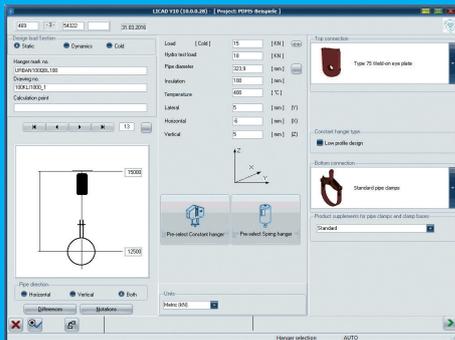

With LICAD® the user can generate support drawings, bill of materials and 3D models in different CAD programs.

Experience has shown that with LICAD® up to 50% of the support design costs can be saved. The time between design and delivery is also greatly reduced.

LICAD® 10 sets new standards and offers much improved intuitive handling plus a range of new functions!

Highlights of Version 10 include:

- compatibility with Windows® 10
- new screens and expanded print options
- complete integration of Unicode
- multi-user operation (client-server)
- integration of the new catalog "Standard Supports 2020"

LICAD® offers a huge range of interfaces and component libraries. This enables the efficient exchange of data and smooth operation.

Interfaces/component libraries are available for:

- AutoCAD®, Autodesk
